PROFESSIONAL EXPERIENCE

Talkinglands - Software Engineer

Sep 2024 - Current

- Led the development of **map-centric front-end** systems for a nationwide property intelligence platform, handling complex **GIS and GeoJSON** datasets and delivering high-performance, data-intensive map visualizations at scale.
- Designed and implemented **advanced multi-layer mapping, spatial analytics, and interactive drawing tools** using **MapLibre, Turf.js, and GeoMan**, enabling location-based insights such as risk, traffic, noise, boundaries, connectivity, growth and surrounding infrastructure.
- Developed deep spatial **data analytics and insight tools** across multiple property intelligence projects, converting geospatial data into meaningful, decision-ready visual intelligence ([Insights](#), [Discover](#)).

TechInject Pvt Ltd - Full Stack Developer

May 2023 - Sep 2024

- Built and delivered responsive full-stack web applications using **Svelte, React, Firebase, Node.js, and Tailwind**, contributing to both frontend interfaces and backend functionality.
- Thrived in a **fast-paced startup environment**, rapidly **adapting to new technologies** and delivering successful client projects across domains, including [Shrey sports UK and India](#), [PillUp](#), [Poonik](#), [Pradeep Publications](#), [Vitamin X](#), [UniformShip](#), [Nuealto](#), [Ikon Living](#), [Care Planet Life Sciences](#), [Lovely Marbles](#), [Rameen](#) and many more..
